

6 Months

At this age, babies' curiosity makes reading fun!

- Reading helps develop your baby's brain
- Reading strengthens the parent/child bond
- At this age your baby will love books that they can touch and feel
- Babies enjoy looking at pictures with bright colours and faces.

Try It...

- Make a time to share a book with your child every day
- Play tickle games and make faces as you read
- Cuddle baby close when reading to establish story time as special
